MULTI-ACCOUNT ACCESS AUTHORIZATION

To enhance convenience for members, Interra Credit Union offers multi-account access. Multi-account access allows authorized members to access any of their other eligible member accounts through telephone or online banking using the username or access code affiliated with the primary member number. For example, members may view, make deposits/transfers to, and/or make withdrawals/transfers from their specified accounts. Please indicate below the access preferences you would like to enable.

The undersigned authorize Interra to establish Multi-Account Access from _____ to the following:

	Share/Loan Access:		With Ability To:		
Member Number	**Unrestricted**	**Defined**	**View**	**Deposit**	**Withdraw**

By signing below, the undersigned certifies to be an authorized user on each of the designated accounts and understands that this Authorization specifically allows any joint owner or other authorized user(s) on the designated accounts, both now and in the future, (who have access to Interra Online or Interra telephone banking username, password, access code and multifactor authentication security data) to conduct the transactions specified above through Interra Online banking and Interra telephone banking. If at any time the undersigned is/are no longer an authorized user on the designated account(s), they agree they will longer act. Further this Authorization may be cancelled at any time at the discretion of the credit union. Interra Credit Union will not be liable for the actions of any authorized users who act on designated account(s) in accordance with this Authorization. By submitting this Authorization, the undersigned agrees to comply with all the terms, conditions, and regulations previously disclosed and associated with Interra Online and telephone banking and the Membership Account Services Agreement incorporated herein by reference.
